

# Home Oxygen Machine

Fruit and vegetable sterilization and disinfection

## HEALTHY

HOME SERIES oxygen air purification

**500MG-D**  
Digital display version of household oxygen generator

- Champagne gold
- White

**Features**

- Digital display. Smart timing
- Using epoxy resin, moisture resistance, shock resistance
- Original ABS engineering plastic. High hardness and good lightness

**400MG**  
Manual board household oxygen generator

**Features**

- Air disinfection and drinking water purification dual-use type
- International brand. Full of air
- Using titanium rod generating unit, anti-oxidation, anti-corrosion, long life
- Original ABS engineering material, high hardness and good finish
- Internal sealed design, noise is less than 40 decibels

**application**

- Indoor air sterilization and odor removal, smoke removal, and formaldehyde removal
- Detoxification and sterilization of household fruits and vegetables
- to extend fresh-keeping period
- Used for bathing and washing face, it can completely remove the dirt in the pores

**产品参数**
